

9 October 2017

Dear Parents

This term Year 10 students have started their GCSE Separate Science courses. We are following the AQA courses in GCSE Biology, GCSE Chemistry and GCSE Physics.

The students complete examinations in each subject at the end of the two years and there is no controlled assessment. They will sit examinations in all subjects in May and June 2019.

We have purchased some revision guides that the students can buy from the school that cost £2.75 for each separate subject making a total of £8.25 for all three. These revision guides will cover the content needed for all the examinations for the three separate subjects throughout the course. These guides are a good resource to help students with their revision and support their classwork throughout the two years and we recommend them to all students. These books are now available in school and can be purchased through ParentPay or by cash or cheque from the finance department.

Yours faithfully

M Rowley
(Head of Science)

Year 10 Separate Science Revision Guides

Our preferred method of payment is **ParentPay**. Please logon to www.parentpay.com using your username and password to make your payment. Alternatively please detach this slip and return it to the Finance Office with payment. Please make out a separate cheque for each trip/item, cheques should be made payable to Uffculme School.

Please tick which guide(s) you would like to purchase (£2.75 each):

Biology Chemistry Physics
