

# Keeping your Child Safe online

## Uffculme School Newsletter September 2017

In an age where many of our children are online for much of their waking hours, whether that be researching information for a school project, gaming or chatting to friends on social media, it can be difficult as a parent or carer to work out how best to protect your child.

Two useful websites that can help you navigate the digital world and provide e-Safety advice are

Both websites provide up to date information and advice on matters such as

- how to help your child build digital resilience and keep safe online
- information about popular apps such as Snap Chat, Instagram and Musical.ly
- setting parental controls on devices
- what rules and boundaries can be helpful – and which ones are not
- the law and social media
- what to do if things go wrong

**Saferinternet.org have recently posted detailed information and advice for helping children set up a new profile which can be found at:**

<https://www.saferinternet.org.uk/blog/key-things-remember-when-helping-your-child-set-new-profile>

You can find more information on helping your child to keep safe online on the Safeguarding section of our Uffculme School website.
