

Fix the Magic 6!

1	I have used capital letters to start sentences and for proper nouns <i>(e.g. names of people, places or organisations).</i>
2	I have used full stops to end each sentence <i>(by checking carefully for comma splice errors).</i>
3	I have used paragraphs to organise my content <i>'TiP – ToP' (time, place, topic, person).</i>
4	I have used apostrophes to make contracted words and to show ownership <i>(doesn't, can't, John's desk).</i>
5	I have checked for homophone errors <i>(e.g there, their, they're).</i>
6	I have tried to make my writing clear and legible .
