

October 2021

Dear Parent / Guardian

## Uffculme School Ski Trip – 2021

We would like to bring to your attention the following important arrangements you need to be aware of in relation to the ski trip.

- Students will have two lateral flow tests, administered at school, in the week prior to departure. Your child must be present for both tests.
- In the event of a positive lateral flow test, your child will not be able to travel unless a confirmed negative PCR test result is received by the school before the date of travel.
- If your child tests positive for Covid while in Austria, a parent or other responsible adult will have to travel to Austria and stay with their child until they are cleared for return to the UK. **Please be aware that this may mean you are not able to return to the UK before Christmas.** Reasonable costs of travel, accommodation and repatriation will be covered by the school's insurance.
- If your child is ill, other than with Covid, or injured; reasonable costs of a parent or other responsible adult travelling to collect the child and return home with them will be covered by the school's insurance.
- While in Austria and at all other times during the trip, students must follow all instructions from school staff regarding social distancing, face coverings and any other Covid measures that may be required, which could change at short notice during the trip.
- If your child is disruptive on the trip, parents or another responsible adult will have to travel to Austria to collect their child and return with them to the UK, at their own expense.

Please sign below to indicate that you have read and understood these arrangements

Yours faithfully

**Mr T. Heard**  
**Party Leader**

**Uffculme School Ski Trip 2021**  
**October 2021 letter re Covid and illness/injury arrangements**

I have read and understood the arrangements as outlined in this letter and agree to abide by them
